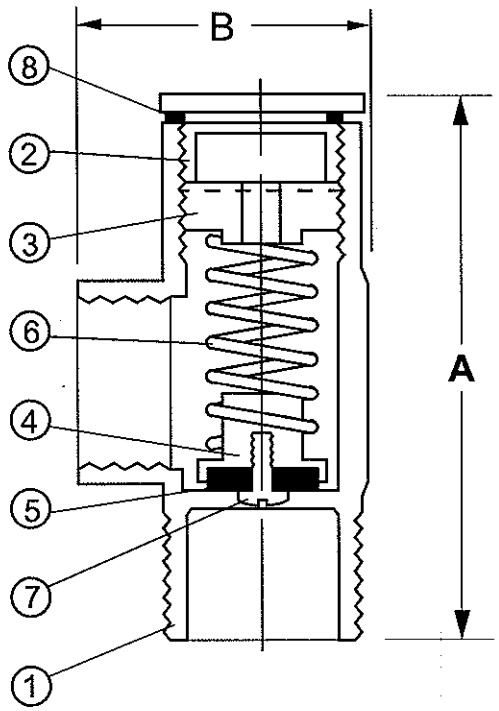
Model T-50

Pressure Relief Valve

LEGEND VALVE

NO.	PART	MATERIAL
1	BODY	CAST BRONZE B584, C86400
2	OUTER CAP	CAST BRONZE B584, C86400
3	INNER CAP	CAST BRONZE B584, C86400
4	DISC	BRASS
5	DISC WASHER	NBR
6	SPRING	STAINLESS STEEL
7	SCREW	BRASS
8	WASHER	FIBER - NON ASBESTOS



SIZE	1/2"	3/4"								
A	2.44	2.5								
B	1.44	1.44								

Adjustable from 75 to 150 p.s.i.

Factory-set at 75 p.s.i.

Adjustment procedure:

1. **Remove knurled cap**
2. **With a flat-blade screwdriver, turn the adjustment disc clockwise to increase relief pressure, or counter-clockwise to decrease relief pressure.**

One 360-degree clockwise turn equates to a 25 p.s.i. increase. Therefore, three complete revolutions attains the 150 p.s.i. setting.
