

BULLHEAD

FOR PROFESSIONAL RESULTS

by Midwest Rake Company LLC

Closed Back Heads

- Heavy duty **14 gauge** tempered steel heads
- Heads have reinforcing welded steel plates that reduce mud build-up
- **Solid fiberglass reinforcing core** at head-to-handle connection (fiberglass handles)
- **Crimped collar** and riveted head-to-handle connection (round point fiberglass handles only)
- Forward turned step for added comfort
- **Gray thick walled fiberglass** or premium ash handles
- Available in 48" standard length or 30" D-Grip

Round Point Heads have crimped collars and riveted head-to-handle connections

5" Double dipped vinyl grip

One piece molded D-Grips
