

# Manure, Hay & Bedding Forks

Don't let the welded head scare you away...this is one well-made tool that will stand up to abuse. **Value priced, as well.**

- Tempered, welded steel tines
- Solid steel plug at head-to-handle connection is riveted through
- 54" red powder-coated aluminum handles

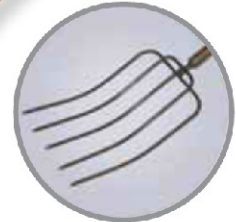

**49073 - 4 Tine**

**EXCLUSIVE**

**Steel Plug**

**49075 - 5 Tine**

**49071 - 10 Tine**

MWR Item No.	Head Size in.	Tines	Handle Length in.
<b>49073</b>	11-3/4 x 9	4	54
<b>49075</b>	11-1/2 x 9	5	54
<b>49071</b>	12 X 10-3/4	10	54

## All-Steel Scraper

**Heaviest duty scraper...  
A "Little Brute"**

**You pick the target...this tool  
will scrape it away!**

- 54" Overall length
- 6-1/2" Replaceable blade
- Removes the really tough stuff, including tile

MWR Item No.	Description
<b>78945</b>	All-Steel "Little Brute" Scraper
<b>SP50221</b>	Replacement Blade

## Floor/Surface Prep Scraper

A "wide head" (14") makes this scraper ideal when solvents are used to remove an existing floor coating.

A value priced "general purpose" scraper.

- 59" Overall length
- 14" Replaceable blade
- Hardwood Handle
