

Model BFP-9

Hose Connection Vacuum Breaker

WILKINS
a **ZURN** company

INSTALLATION INSTRUCTIONS

1. Screw threaded female end of BFP-9 to any hose thread faucet.
2. To prevent any unauthorized removal or tampering of the device, the BFP-9 is furnished with a break-away head set screw.

APPLICATIONS

The WILKINS Model BFP-8 is to be installed in potable water lines where a cross-connection would result in pollution of potable water. If a health hazard could result from a cross-cross connection, use a WILKINS Model 375.

CAUTION

Install device only in area where discharge will not cause water damage

Proposition 65 Warning This product contains chemicals known to the State of California to cause cancer or birth defects or other reproductive harm.

This product is not to be used to convey water for human consumption through cooking or drinking in California or Vermont.
